

Demand Response Subcommittee (DRS) **CHARTER**

Mission

The Demand Response Subcommittee (DRS) is an ongoing subcommittee established by the Market Implementation Committee (MIC) at its 4/12/2011 meeting. The purpose of the DRS is to provide a stakeholder forum to investigate and resolve DR specific issues and procedures in accordance with PJM stakeholder process protocols.

Responsibilities

1. Recommend improvements to PJM systems, tools, and procedures that ensure effective DR operations.
2. Investigate and resolve DR-related issues affecting PJM and its member companies as they arise in addition to DR-related assignments approved by the PJM Market Implementation Committee (MIC).
3. Complete the responsibilities and deliverables originally assigned to the Demand Response Dispatch Senior Task Force (DRDSTF) and subsequently re-assigned to the DRS at the 4/27/2011 Markets and Reliability Committee (MRC).
4. Review ongoing participation of DR resources and recommend reporting enhancements to ensure transparency in the market.

Stakeholder Group Administration

1. The DRS reports to the Market Implementation Committee (MIC), i.e. its parent Standing Committee.
2. The DRS will be facilitated by:

Pete Langbein, Chair, Jack O'Neill, Secretary
3. The group will periodically report progress on its chartered scope of work to the MIC.
