

Summer-Only Demand Response Senior Task Force
PJM Conference and Training Center
March 9, 2018
9:00 a.m. – 12:00 p.m. EPT

Administration (9:00-9:05)

1. Ms. Rebecca Carroll, PJM, welcomed all members and participants to the meeting. Mr. Michael Borradaile, PJM, reviewed the administration items which included a reminder of the Anti-Trust Policy, Code of Conduct, Media Participation Policy and conducted roll call.
2. Draft [Minutes](#) from the February 14 Summer-Only Demand Response Senior Task Force meeting were endorsed by acclamation, with 0 opposed and 0 abstentions.
3. Mr. Chenchao Lu, PJM, provided an overview of FERC's intent to discuss the concept of seasonal capacity markets at a future technical conference ([EL17-32-000](#) & [ER17-367-000](#)) and the impact on this SODRSTF. Chen explained the SODRSTF will work in parallel with the FERC activity given that seasonal capacity markets are explicitly outside the scope of the senior task force and the fact that FERC has not yet released a timeline for the technical conference.

Education (9:05-10:35)

4. Ms. Elizabeth Anastasio, PJM, provided [education](#) summarizing PJM's methodology behind the Short-Term Load Forecast.
5. Mr. John McDaniel, BGE, provided [education](#) on load curtailment programs (Direct Load Control and Behavioral Program) and what advanced signals are used to help determine when to activate.
6. Mr. Joe Ciabattoni, PJM, addressed and answered questions regarding how peak shaving programs impact dispatch decisions.

CBIR Process (10:45 – 12:00)

7. Ms. Rebecca Carroll, PJM, led a discussion to review the design components and design component options developed and presented at the February 14 meeting. Additional design components were gathered and added to the matrix. The group intends to finalize design components and options at the April meeting.
