Re: July 11, 2022 Liaison Committee Meeting Agenda

Dear Mr. Takahashi and the PJM Board of Managers:

On behalf of the Members of PJM, the sector representatives of the Liaison Committee thank you for your June 22, 2022 letter regarding our upcoming LC meeting. We appreciate the PJM Board of Managers' ("Board") feedback regarding our proposed topics. While we had raised the issue of Liaison Committee Scheduling in our prior letter, we propose to take that issue offline for a logistical conversation when the time comes to develop the Liaison Committee schedule for 2023. With that issue aside, the LC sector representatives are pleased to provide the following agenda for our July 11, 2022 meeting.

I. Welcome, Introductions, and Opening Remarks (10 minutes)

II. PJM Renewable Integration Study (50 minutes)

Sector representatives will provide their sectors' perspectives on PJM's recently released paper, Energy Transition in PJM: Emerging Characteristics of a Decarbonizing Grid.

Sector representatives look forward to providing fifteen minutes of opening statements with an additional thirty-five minutes reserved for discussion with the Board.

III. FERC's recent Transmission NOPR (50 minutes)

Sector representatives will offer perspectives on FERC's recent Notice of Proposed Rulemaking, Building for the Future Through Electric Regional Transmission Planning and Cost Allocation and Generator Interconnection.

Sector representatives look forward to providing twenty minutes of opening statements with an additional thirty minutes reserved for discussion with the Board.

IV. Closing Remarks (10 minutes)

The LC sector representatives value the opportunity to engage with the Board and to hear Board members' perspectives on these timely and important issues. We look forward to a productive and enjoyable LC meeting.

Sincerely,

Becky Robinson
