

# Fast Start Implementation Plan Update

Phil D'Antonio  
Manager, Real-Time Market Operations  
Market Implementation Committee  
May 13, 2021

- In FERC's December 17, 2020 Fast Start Order (ER19-2722), PJM was directed to make an additional compliance filing addressing:
  - Additional clarity for Fast Start capable resources
  - Revised Offer Verification process for Composite Offers
- Additional compliance requirements:
  - Remove tariff language intended to provide additional uplift and lost opportunity cost payments
  - Remove tariff language indicating Three Pivotal Supplier (TPS) test will not be performed in the Pricing Run

- PJM submitted the compliance filing on February 16, 2021
- The following requests were made with respect to implementation:
  - Response by April 16 in order to implement on May 1, 2021
  - If a response is provide later than April 16:
    - 14 days lead time requested to support implementation for the first day of the upcoming month
    - Avoid implementation during summer peak months (July 1 and August 1)

- FERC response pending
  - Fast Start implementation postponed
- Updated implementation target: June 1, 2021
  - PJM must receive a full order on or before May 20, 2021

- If PJM doesn't receive a full Fast Start order by May 20, 2021, the next available implementation date will be September 1, 2021
  - PJM will not implement during summer peak months
- Any updates to the plan will be communicated to Stakeholders
  - PJM will communicate updates to the implementation plan using the MIC, MRC, MC and MSS email distribution lists
  - PJM will provide an update on May 21, 2021

Conforming M-11, M-18 and M-28 language updates will be reviewed with Stakeholders:

- Target first read at June MIC/MRC
- Endorsement at July MIC/MRC
