

INTERFACE PRICING FOR NON-MARKET ENTITIES

Issue Source

Initiated by PJM

Issue Content

Seeks to retire outdated processes associated with the development of Interface Pricing Points and better align with the existing language for the current Interface Pricing process in use.

Key Work Activities and Scope

1. Review background on the origination and use of Interface Pricing for Non-Market Entities
2. Discuss the retirement of the Interface Pricing options previously utilized by Non-Market Entities

Expected Deliverables

1. Proposed solution seeking retirement of outdated Interface Pricing processes formerly utilized by non-market entities

Corresponding revisions to the PJM Tariff or other governing document provisions consistent with the solution endorsed at the appropriate Standing Committee will be brought to the MRC and MC for review and endorsement. Proposed revisions to PJM Manuals conforming to the FERC approved solution will be brought to the appropriate Committees for review and endorsement.

Decision-Making Method

Tier 1, consensus (unanimity) on a single proposal (preferred default option).

Stakeholder Group Assignment

MIC

Expected Duration of Work Timeline

Immediate start – two months in duration; PJM will seek to utilize the Quick Fix process for this issue.
