Other Discussion Topics

- **eDart Advance Winter 2021 Model Build tentatively completed Nov. 23**
- Companies interested in providing Dynamic Line Ratings (DLR) should contact eDART team
- Companies interested in using the Company Distributed Workflow (CDW) functionality should contact the eDART team for demo and set up requirements.

- **Contact:** eDART Team (edarthelp@pjm.com)

- **Dispatcher Training Subcommittee**
 - Virtual sessions and online training will continue **through the remainder of the year**
 - All in-person training sessions on the draft plan have been cancelled
 - “Office hours” are available for members to ask questions about training materials
 - Register in the LMS under the Class Schedule section
 - End of the Year reminders have been added to the DTS company accounts in the PJM LMS
 - Please complete this and review the task list at your earliest convenience
 - Additional self-study simulation training opportunities have been released
 - The number of simultaneous users will be limited
 - Register for the course in the LMS and get onto the waitlist as soon as possible

- **Dispatcher Training Subcommittee (Cont.)**
 - Reach out to State and Member Training to inquire about additional CEH hours for member operators
 - For companies interested in using the PJM LMS to deploy company-specific training to operators, please contact TrainingSupport@pjm.com
- **Operator Seminar**
 - Topics traditionally covered during the seminar were made available online in May: [2021 Draft Training Plan](#)
 - [2022 Draft Training Plan](#)
- **Drill Dates**
 - All planned 2021 PJM Drills have been completed

- An informational item was presented on the PJM rules regarding the siting of new load behind-the-meter of an existing generation resource
- Various generation owners have recently sought guidance on PJM rules regarding the siting of new load directly behind the meter of an existing generator
- FAQ document available on the RPM section of the PJM website
 - <https://www.pjm.com/-/media/markets-ops/rpm/rpm-auction-info/pjm-rules-on-siting-new-load-behind-the-meter-of-existing-generation.ashx>

OC AGENDA OVERLAP

- Regional Standards, NAESB, and Compliance Update
- COVID-19 Updates
- Manual Updates(38)
