

PJM Reliability Standards & Compliance Subcommittee (RSCS)

Charter

MISSION

The mission of the PJM Reliability Standards & Compliance Subcommittee is to provide a common platform for PJM and its member companies to discuss and collaborate on NERC and Regional standards, compliance issues and the production and evaluation of quality evidence of compliance.

SCOPE

1. NERC and Regional compliance issues that ~~directly~~ impact PJM or its member companies.
2. ~~TO/TOP Matrix and GO / Others Matrix evaluation as appropriate.~~
3. ~~Develop a list of functions performed by other registered entities (GO, etc.) in support of PJM compliance.~~
4. Forum for discussion and collaboration on the development of NERC and Regional standards.
5. Support member NERC and Regional audit efforts by providing a venue for the sharing and development of best practices.

RESPONSIBILITIES

1. Comply with all applicable codes of conduct, or other functional separation requirements of FERC.
2. ~~Prepare-Review~~ proposals for PJM standing member committees consideration on topics that require revisions to ~~PJM Agreements, Manuals, and other~~ documentation used by PJM and the member companies as evidence of compliance for NERC ~~&-and~~ Regional Reliability Standards.
3. ~~Recommend principles, practices, and procedures for the bulk power system consistent with the NERC & Regional Reliability Standards.~~
4. ~~Cooperate with PJM with regard to data requests and submittals related to NERC & Regional Reliability Standards.~~ Allow for exchange of best practices and discussions surrounding upcoming data requests related to NERC and Regional Reliability Standards.

5. Create ad hoc working groups or task forces when needed to assist in carrying out the responsibilities of the Reliability Standards and Compliance Subcommittee.
6. Support NERC and Regional compliance activities in all regions in which PJM operates.

ORGANIZATION

1. Sponsored and hosted by PJM as a subcommittee under both the Planning and Operating Committees.
2. Open to the public.
3. Attendee focus is on those individuals responsible for standards development and/ or reliability standard compliance within their organization specific to NERC and Regional Reliability Standards.
4. ~~Face to face meetings to be conducted quarterly, conference calls to be conducted monthly.~~ Meetings to be conducted via conference call on a monthly basis. The group will decide if a face to face meeting will be required on an annual or biannual basis.
5. Governance: The committee Chair and Secretary will be PJM representatives.
6. Special groups may be appointed from time to time by the committee Chair.
