

2023 PJM Grid Security Drill

Ed Figuli, Sr. Operator Trainer
Nitin Sem, Business Continuity Sr. Analyst

- Developed and led by E-ISAC
- November 14-15, 2023 Exercise incident response plans
- Expand local and regional response
- Engage critical interdependencies
- Increase supply chain participation
- Improve communication
- Gather lessons learned
- Engage senior leadership

1) Register with E-ISAC

- If your organization would like to participate in the exercise and has not yet registered, please have a member of your organization **register with NERC online as a planner** or send an email to GridEx@eisac.com for assistance.

2) Participate in the PJM Planning Meeting

- As in years past, PJM will take the lead on helping develop your organization's injects, simulator coordination, etc. **Our initial information and planning kickoff meeting will take place on May 25, via conference call. Please email Samantha Lutcza (Samantha.Lutcza@pjm.com) to participate in the kickoff meeting.**
- We will be sending out additional information shortly to the organizations that register for this meeting.
- Following the initial Planner and Trainer Kickoff Meeting more information regarding inject planning will be available.
