

~~INDEPENDENCE AND~~ TRANSPARENCY FORUM

CHARTER

Mission

RTO transparency and independence are of paramount importance to ~~FERC, the PJM Board of Managers, PJM,~~ PJM Members and the entities that rely upon PJM. This Forum is established to encourage an open and successful partnership between Members and PJM that is expected from a Member driven organization. ~~Even the appearance that PJM is not independent or lacks appropriate levels of transparency can undermine trust in the organization by Members, state commissions, and the public.~~ To promote and improve these important characteristics the ~~I&~~ Transparency Forum will provide a centralized, open forum for review, discussion, and education. This forum will allow stakeholders to identify issues and concerns that should be explored to ensure the highest levels of transparency ~~and independence~~ in PJM's operations, planning, markets, and governance and stakeholder processes.

Responsibilities

- 1) Opportunity to raise concerns, suggest improvements in implementation, communication, and potential modifications to improve transparency. ~~Review and facilitate discussion on stakeholder questions and concerns about transparency and independence at PJM and identify specific situations where PJM's actions have appeared not to be transparent, and where PJM's actions were not or appeared not to be independent.~~
- 2) ~~Host technical education sessions on PJM processes that promote transparency and independence and could provide additional confidence in the organization.~~
- 23) Identify potential changes in PJM practices that could promote and increase transparency ~~and independence.~~
- 34) Identify potential benefits and obstacles for implementing the changes identified. Investigate and make recommendations to address obstacles to transparency and impacts of those changes.
