PJM Tools Cloud Migration

As of November 11, 2024

- Roadmap and deadline pushed from November to December
- Gas Pipeline has been updated to inform that it will be migrated in parallel

Overview

- Migrate applications from an on-premise deployment model to a platform as a service (PaaS) cloud deployment model.

- Tools will begin migrating in late 2024.

- Migrations are expected to occur over the next several years.
