

- PJM issued a special notice on 1/14/2020 regarding the Marblehead Transformer <https://www.pjm.com/markets-and-operations/etools/oasis/special-notices.aspx>
- “Marblehead\_161/138kV\_XFMR\_flo\_Maywood\_Herleman\_345kV” no longer passes the Coordinated Flowgate Study as outlined in Section 3.2 of the MISO-PJM Joint Operating Agreement which determines coordination eligibility. Based on these study results effective January 2, 2020 @ 16:00 EPT flowgate #23418 was terminated as a Coordinated Flowgate and will no longer be coordinated in the PJM Market.
- Due to confidentiality restrictions PJM cannot provide further details on coordination test results
