

**Demand Response Subcommittee**  
**WebEx/Conference Call**  
**January 8, 2021**  
**1:00 pm – 2:00 pm EPT**

## Administration (1:00 - 1:15)

1. Welcome, Announcements and Anti-trust and Code of Conduct announcement
  - A. WebEx report was used for attendance.
  - B. Approved the minutes from the 11/2/2020 DRS meeting.
  - C. No additional agenda items were requested.
  - D. Andrea Yeaton provided information related to 2021/2022 Delivery Year (DY) Load Management Registration Window. The Window opened on 1/4/21. The pre-registration process for existing resources in Capacity Exchange starts on 1/18/2021. New registrations must be registered by 5/14/2021. The complete registration process must be completed by 5/31/21 at 23:50 (11:50 pm).

A repeat of the Load Management Registration training will occur on 2/11/21 0900 (9:00 am) – 1100 (11:00 am).

The communication sent to DR Hub Users may be confusing. For clarification, MOPR applies to the 2022/2023 DY.

For any Unit Specific Exemption requests, please send an email to the RPM Hotline, so PJM can model the exemption. The IMM should still be contacted, so it can be modeled in MIRA.
  - E. Brief update/discussion of DR related activity in other stakeholder groups – MIC, OC, PC, or other  

The PRD Credit Disposition is up for endorsement at the January MIC.

DRS members are encouraged to participate in the DER and Inverter-Based Resources Subcommittee (DIRS), because the group will be working on Order 2222. This order has implications that affect DER and DR resources.

## (1:15 – 2:00) Year-end review and thoughts for 2021

2. Pete Langbein reviewed activity from last year and solicited thoughts for 2021.

The 2020/2021 Delivery Year (DY) was the first with no base resources. This resulted in a large increase in load data coordination and the overall process worked well. Thank you to all members for making this a success

The new Load Management Testing requirements will start in the 2023/2024 DY.

The Peak Shaving Adjustment was not implemented in DR Hub as there weren't any PSA Plans submitted. Therefore the implementation will be postponed until next year.

Potential topics to cover at the DRS in 2021:

Investigate potential Customer Baseline changes. There is language in OATT that discusses this, so it can be discussed at DRS meetings based on member priorities.

Investigate circumstances if/when DR resources could provide transmission solutions. Recommend having Transmission Planning education with a focus how DR resources can be included.

FERC Order 2222 settlement process for DR and how it may affect DR participation. Will PJM's model change as a result of the 2222 Order? It is recommended that DRS members follow the DRS but that PJM does not expect the existing DR model to change

A request to discuss DR Fast Start Resources was made. This topic was covered at the November 2020 DRS. Members are asked to review [the presentation](#) and forward any questions/comments to the Demand Response Operations team at PJM.

## Future Agenda Items

Participants will have the opportunity to request the addition of any new item(s) to the agenda of a future meeting.

#### Antitrust:

You may not discuss any topics that violate, or that might appear to violate, the antitrust laws including but not limited to agreements between or among competitors regarding prices, bid and offer practices, availability of service, product design, terms of sale, division of markets, allocation of customers or any other activity that might unreasonably restrain competition. If any of these items are discussed the chair will re-direct the conversation. If the conversation still persists, parties will be asked to leave the meeting or the meeting will be adjourned.

#### Code of Conduct:

As a mandatory condition of attendance at today's meeting, attendees agree to adhere to the PJM Code of Conduct as detailed in PJM Manual M-34 section 4.5, including, but not limited to, participants' responsibilities and rules regarding the dissemination of meeting discussion and materials.

#### Public Meetings/Media Participation:

Unless otherwise noted, PJM stakeholder meetings are open to the public and to members of the media. Members of the media are asked to announce their attendance at all PJM stakeholder meetings at the beginning of the meeting or at the point they join a meeting already in progress. Members of the Media are reminded that speakers at PJM meetings cannot be quoted without explicit permission from the speaker. PJM Members are reminded that "detailed transcriptional meeting notes" and white board notes from "brainstorming sessions" shall not be disseminated. Stakeholders are also not allowed to create audio, video or online recordings of PJM meetings. PJM may create audio, video or online recordings of stakeholder meetings for internal and training purposes, and your participation at such meetings indicates your consent to the same.

#### Participant Identification in WebEx:

When logging into the WebEx desktop client, please enter your real first and last name as well as a valid email address. Be sure to select the "call me" option. PJM support staff continuously monitors WebEx connections during stakeholder meetings. Anonymous users or those using false usernames or emails will be dropped from the teleconference.

#### On the Phone, Dial

to Mute/Unmute

#### Linking Teleconference Connection to Webex

When logging in to the meeting, access Webex first and select the "call me" feature to receive a direct call to your phone. Using this feature will connect your name to your Webex presence.
