- 2020 Training Update

Due to the COVID-19 pandemic, PJM has cancelled the in-person classes scheduled for June and July. PJM is actively working on ways to provide training hours to members to meet the training and certification requirements:

- PJM offers a number of courses for credit through the Learning Management System (LMS). For additional courses, or questions related to course availability, please contact TrainingSupport@pjm.com
- PJM is hosting a number of virtual sessions on a variety of markets and operations topics. Some of the sessions will also contain simulation and EOP hours. These sessions are posted for registration on www.pjm.com.
- For individuals completing the online Generation and Transmission ITP, PJM will be hosting a weekly session where instructors will be available to answer questions and provide additional clarification. These sessions will be posted for registration in the LMS.
- For companies interested in using the PJM LMS to deploy company-specific training to operators, please contact TrainingSupport@pjm.com
- Continuing Training Requirement reminders

PJM will begin sending reminders related to the 2020 Continuing Training Requirements in June. The DTS was reminded that the annual EOP requirement for Transmission Owner Operators can include company-provided training.
- Mid-year Program Evaluation

The 2020 mid-year program evaluation has been added to the DTS company accounts in the PJM LMS. Please provide any feedback or suggestions for training topics that would be helpful this year. If you have any questions about the evaluation or need assistance accessing your company account in the LMS, please contact TrainingSupport@pjm.com.

If any of these items are discussed the chair will re-direct the conversation. If the conversation still persists, parties will be asked to leave the meeting or the meeting will be adjourned.

Code of Conduct:

As a mandatory condition of attendance at today's meeting, attendees agree to adhere to the PJM Code of Conduct as detailed in PJM Manual M-34 section 4.5, including, but not limited to, participants' responsibilities and rules regarding the dissemination of meeting discussion and materials.

Public Meetings/Media Participation:

Unless otherwise noted, PJM stakeholder meetings are open to the public and to members of the media. Members of the media are asked to announce their attendance at all PJM stakeholder meetings at the beginning of the meeting or at the point they join a meeting already in progress. Members of the Media are reminded that speakers at PJM meetings cannot be quoted without explicit permission from the speaker. PJM Members are reminded that "detailed transcriptional meeting notes" and white board notes from "brainstorming sessions" shall not be disseminated. Stakeholders are also not allowed to create audio, video or online recordings of PJM meetings. PJM may create audio, video or online recordings of stakeholder meetings for internal and training purposes, and your participation at such meetings indicates your consent to the same.

Participant Identification in WebEx:

When logging into the WebEx desktop client, please enter your real first and last name as well as a valid email address. Be sure to select the "call me" option. PJM support staff continuously monitors WebEx connections during stakeholder meetings. Anonymous users or those using false usernames or emails will be dropped from the teleconference.
