- 2021 Training Plan

The 2021 draft training plan will be updated to reflect the modified schedule, including the draft dates for the 2022 Spring Seminar.

PJM is actively working on ways to provide training hours to members to meet the training and certification requirements:

- PJM is hosting a number of virtual sessions on a variety of operations and markets topics. Some of the sessions will also contain simulation and EOP hours. These sessions are posted for registration on www.pjm.com.
- For individuals completing online training, including Generation and Transmission ITP, PJM will be hosting a bi-weekly session where instructors will be available to answer questions and provide additional clarification. These sessions will be posted for registration in the LMS.
- For companies interested in using the PJM LMS to deploy company-specific training to operators, please contact TrainingSupport@pjm.com.
- Mid-year Reminders

The 2021 mid-year program evaluation has been added to the DTS company accounts in the PJM LMS. Please provide any feedback or suggestions for training topics that would be helpful this year. Antitrust:

You may not discuss any topics that violate, or that might appear to violate, the antitrust laws including but not limited to agreements between or among competitors regarding prices, bid and offer practices, availability of service, product design, terms of sale, division of markets, allocation of customers or any other activity that might unreasonably restrain competition. If any of these items are discussed the chair will re-direct the conversation. If the conversation still persists, parties will be asked to leave the meeting or the meeting will be adjourned.

Code of Conduct:

Meeting Minutes

As a mandatory condition of attendance at today's meeting, attendees agree to adhere to the PJM Code of Conduct as detailed in PJM Manual M-34 section 4.5, including, but not limited to, participants' responsibilities and rules regarding the dissemination of meeting discussion and materials.

Public Meetings/Media Participation:

Unless otherwise noted, PJM stakeholder meetings are open to the public and to members of the media. Members of the media are asked to announce their attendance at all PJM stakeholder meetings at the beginning of the meeting or at the point they join a meeting already in progress. Members of the Media are reminded that speakers at PJM meetings cannot be quoted without explicit permission from the speaker. PJM Members are reminded that "detailed transcriptional meeting notes" and white board notes from "brainstorming sessions" shall not be disseminated. Stakeholders are also not allowed to create audio, video or online recordings of PJM meetings. PJM may create audio, video or online recordings of stakeholder meetings for internal and training purposes, and your participation at such meetings indicates your consent to the same.
