

# DTS Update

Michael Hoke

Sr. Section Lead, State & Member Training

System Operations Subcommittee

July 7, 2022

- State and Member Training
  - Continues to hold virtual sessions and online training through July 2022
  - Reminder Grid Security Drill – November 15, 2022
  - S&MT continues to offer a variety of training opportunities, including expansion of online sessions
    - There are self-study simulation training opportunities, most of these items are limited to the simultaneous number of users that we can assign this out to
    - If you are interested please register for the course in the LMS and we will get you onto the waitlist as soon as possible
  - The draft training plan for 2022 can be found here: <https://www.pjm.com/-/media/training/2022-draft-training-plan.ashx>
  - We are looking for additional participants for the Exam Working Groups for the PJM Generation and Transmission Exam
  - Reach out early and often to State and Member Training to inquire about additional CEH hours for member operators
