

EDART REFRESH UPDATE

- eDART Browserless Refresh completed in eDART Training and Production
 - Legacy Browserless in Production retirement date Q4/2023 – see [Browserless User Guide](#) for more information
 - There will be a new PJM CLI jar file for use with Single Sign-On (SSO); see 6/14/2023 eDART XML Forum [presentation](#)
- eDART Migration to Account Manager Project underway
 - User account migration & creation start to be announced
 - PKI Certificates required for all browserless communications beginning with migration to Account Manager
 - Company Distributed Workflow (CDW) Member-Agent functionality for CLI – enhancement for browserless users
 - Functionality for CAM to Submit Additional User Requests in eDART
 - eDART accounts clean-up to prevent duplicates:
 - ‘_old’ will be added to the duplicate usernames that are revoked or not recently used
 - Accounts that have not been used since 2014 will be revoked
 - SUMA not to be enabled for eDART in Account Manager. CDW functionality may be able to reduce need for multiple accounts

FUTURE RELEASES

- Enhancements to TERM application in response to FERC Order 881 (**Q4/2023**)
 - Special eDART Forum – FERC Order 881 (5/8/2023) ([Presentation](#))
 - eDART project underway - Compliance due July 2025
 - 2023 Deliverables:
 - Functionality to submit and view ratings lookup tables
 - Functionality to manage AAR exceptions and TO Methodology
 - AAR Seasonal rating functionality
 - Ability to pull ratings for the Operations Time Horizon for all eDART users
 - Enhancements available in Train only
 - CLI to support current and new functionality
 - UI updated to reflect new functionality

OTHER DISCUSSION TOPICS

- Companies interested in providing Dynamic Line Ratings should contact DLR team (DynamicLineRatingsTm@pjm.com)
- Companies interested in using the CDW functionality should contact the eDART team for demo and set up requirements
