

Hourly Notification Time Expedited Voting Options & Logistics

August 14, 2024

PJM would like to implement the hourly notification time reforms by December 1, 2024 in preparation for winter operations.

- This requires the FERC filing to be submitted by the beginning of October and an expedited voting schedule that will allow the MC vote to occur at the September meeting

Option 1: Expedited RCSTF Vote

Treat today's meeting as the first read and vote offline immediately following the meeting. This allows the MRC first read to occur in August with the MRC and MC votes following in September.

Option 2: Expedited MRC Vote

Vote after the September RCSTF meeting. Conduct the official MRC first read, MRC vote and MC vote on the same day in September.
