Re: Informational Filing  
Public Service Electric and Gas Company  
Annual Transmission Formula Rate True-Up Adjustment (Errata)  
Docket No. ER09-1257-000

Dear Secretary Bose:

Subsequent to the June 15, 2020 filing of Public Service Electric and Gas Company's ("PSE&G") 2019 Formula Rate True-Up Adjustment ("True-Up Adjustment") in the above-captioned docket, PSE&G amends that submission due to an inadvertent omission to correct certain data included in Line 19 of Attachment 5 – Cost Support of Attachment A that is sourced from the Asset Retirement Cost tab of the supporting documentation included in Attachment C. On behalf of PSE&G, enclosed please find updated versions of Attachments A and C of the True-Up Filing, which includes the revised balances that populate Line 19 of Attachment 5 – Cost Support.

The June 15, 2020 True-Up Adjustment filing remains unchanged in all other aspects for which the resulting impact to line items on Appendix A results in a decrease in PSE&G's Annual Transmission Revenue Requirement ("ATRR") of \$19,686.

The revised formula rate template in Attachment A along with revised supporting documentation in Attachment C are also being provided to PJM Interconnection, L.L.C. for posting on its website. Consistent with Commission Staff's Guidance on Formula Rate Updates, PSE&G is submitting the updated formula rate template in Microsoft Excel format.

Thank you for your attention to this informational filing. Please contact the undersigned should you have any questions.

Very truly yours,

A handwritten signature in blue ink, appearing to read "Danielle Lopez", written over a light blue horizontal line.
